Chip,

Last time we talked about this effort, I said I would look thru the mailing list (see my attached 4/13 e-mail below) to make sure all the sites that are currently on the list, should be on the list. We identified ACF, Calbag Front Ave, Calbag Nicolai, Calbag Burgard, & Tube Forgings as possible sites we may want to remove from the mailing list. I reviewed the LWG's information & our files & think all 5 sites **should** be included on the mailing list mainly due to apparent stormwater issues.

There are a couple of additional issues on 2 of the new sites the LWG submitted: the General Construction Company & NL Industries sites.

General Construction Company (GCC)- The CD the LWG provided has files for "GCC- Part 1" & "GCC- Part 2". However, when you open "GCC- Part 1" the title says "Part 1 of 3" & when you open "GCC- Part 2" the title says "Part 2 of 3". The CD seems to be missing "Part 3 of 3". The confusion **may** simply be in the titles, since "GCC- Part 2" describes a single property (former Gunderson property) that was sold to 2 separate parties (Lakeside & Shaver). Regardless, I think GCC should be on the mailing list for the former Marine Finance Property ("Part 1 of 3") & also for the Lakeside/Shaver property ("Part 2 of 3").

NL Industries- The CD the LWG provided has files for "NL Industries - Gould NPL". However, when you open the file, the title says "Part 1 of 3". The CD seems to be missing "Parts 2 & 3 of 3". Regardless, I think NL Industries should be on the mailing list.

Subject: Notice Letter Mailing List

Chip,

I'm meeting with Kurt B tomorrow morning to give him my recommendations on parties to include on the mailing list. My strategy is to use the LWG's proposed mailing list Kurt & Elizabeth have been using & only add or subtract to that list if warranted. I identified a number of sites (parties) that could be included..., but haven't been identified by the LWG. I recommend we **don't** include these additional sites (e.g., GE Decommissioning & Galvanizers). I'm breaking my recommendation into these categories.

Parties on the LWG's Mailing List I agree should be on the list

- 1) ACF Industries
- 2) ARCO
- 3) Beazer (Time Oil facility)

- 4) Calbag (NW Front Ave)
- 5) Calbag (NW Nicolai St)
- 6) Calbag (N Burgard Wy)
- 7) Certainteed (GS Roofing)
- 8) Exxon/Mobil
- 9) Foss/Brix
- 10) Front Ave LP
- 11) Gould Electronics
- 12) HAJ (Christenson Oil)
- 13) Hendren Tow-Boat
- 14) MarCom
- 15) McCall Oil
- 16) NW Pipe
- 17) Schnitzer Burgard
- 18) Schnitzer (Ro-Mar)
- 19) Schnitzer (Container Corp)
- 20) Crawford St Corp
- 21) Schnitzer (Air Liquide)
- 22) Schnitzer (at Gunderson)
- 23) Schnitzer (Willard Storage Battery)
- 24) Shaver Transportation (Front Ave)
- 25) Shaver Transportation (Rivergate Oil Sump)
- 26) Shell Oil
- 27) Tube Forgings

Parties on the LWG's Mailing List I'm uncertain should be on the list

1) Schnitzer Kittridge (NW Front Ave)- 8/02 Source Control Decision concluding site didn't have a current significant source threatening the river.

New Parties the LWG recently identified that I don't have information on

1) FMC- not on DEQ's ECSI database & I don't have the LWG's summary information for this site.

2) Air Liquide- I'm OK with this as they are the operators of this Schnitzer-owned property

3) General Construction- not on DEQ's ECSI database & I don't have the LWG's summary information for this site.

4) NL Industries- I', OK with this as I assume they are the operators of this Gould Electronics-owned property.
